City Invites Comments on Land Use Plan and Policy

The Department of Community Development recently hosted five community meetings to discuss and receive feedback on the city's Land Use and Plan Policy. The plan will provide the city with a guide for future physical development of the region. The policy document links the city's vision with implementation tools.

City Council reviewed the plan during a Public Hearing and will consider its official adoption at its January meeting. The community is encouraged to go to the city's website and review the details of the plan. Shari Brown, Director of Community Development remarked, "At each of the community meetings many of the participants had some extremely insightful comments that reflected forward thinking. It was obvious they cared deeply about their community." For those interested in reviewing the document it has been posted on the city website at www.bristoltn.org, go to the Organization tab; scroll down to Community Development; the top drop-down box titled "Land Use Plan" will be located there in its entirety. If you wish to comment, please contact Shari Brown at sbrown@bristoltn.org or call 423-989-5514.
