City releases 2013 Year End Report

The city is pleased to announce the release of the 2013 Year End Report. The report provides an overview of city activities during the calendar year 2013. It was designed in a citizen-friendly format. The format will inform the community of key statistics while giving a brief summary of accomplishments from 2013.

“We want our citizens to have a better understanding of how their local government operates, what projects were completed, what accomplishments and awards were heralded, and what tasks lay before us,” said Mayor Michelle Dolan. “We want our constituency to have an easy to read and understandable document that demonstrates transparency and accountability.”

The document features each operational department in the city focusing on interesting statistics and projects completed during the calendar year. Want to know how many calls were answered by Fire and Rescue? How about how many tons of garbage were picked up? Do you know how many phone calls on average are answered each day in the city?

For answers to all these questions and lots more check out the city’s Year End Report at www.bristoltn.org, scroll down to 2013 Year End Report icon at the bottom of the home page.
