Invitation extended to participate in Wildlife Weekend Photography Contest

Each year the City's Parks and Recreation department extends an invitation to the community to show the beauty of Steele Creek Park through the lens of their cameras. We all see things differently, some may see a face in the bark of a tree, while others may see the tree as a testament of time and endurance, and some see the tree as a great thing to climb. As we all know, pictures tell stories, so tell your story of the beautiful park and participate in this year's Wildlife Weekend Photography Contest and Show.

Spring and summer are great times of year for photography at Steele Creek Park, and it's never too early to be thinking about the annual contest. The event is sponsored by Friends of Steele Creek Nature Center and Park and it is open to amateur photographers of all ages. Cash prizes will be awarded for winning photos in both adult and youth divisions.

Photographs submitted must be taken within Steele Creek Park, including Rooster Front Park and should focus on the natural aspects of the Parks. All photographs submitted will be displayed at the park during Wildlife Weekend (October 10 and 11). Now is the time to get out to the park and start taking pictures.

Check the Friends website at www.friendsofstelecreek.org later this summer for more details. For more information now contact Mike Musick @ 423-764-4023 or mmusick@bristoltn.org.
