Bristol Hosts an Introduction to REScheck *Continuation of Contractor/Developer Seminars*

The City of Bristol's Community Development Department is hosting a Contractor/Developer Seminar on August 27 at 10:00 A.M. at Slater Center 325 McDowell Street focusing on a new software introduction, REScheck. This software makes it fast and easy for builders, designers and contractors to determine whether new homes, additions, and alterations meet the requirements of International Energy Conservation Code (IECC) or a number of state energy codes. REScheck also simplifies compliance determinations for building officials, plan checkers, and inspectors by allowing them to quickly determine if a low-rise residence meets the code.

Learn how to obtain this software and effectively use it to conform to the requirements of the International Residential Code minimum energy requirements.

To attend please contact Sharon Wilfred @ 423-989-5514 or e-mail at swilfred@bristoltn.org no later than 10:00 A.M. August 26, 2013. Seating is limited, so please RSVP soon. The seminar is free and lunch will be served.
