### **State Street Farmers Market moving for festival weekend**

The State Street Farmers Market will be moving to a new location but just for one weekend. The city-wide festival, Rhythm and Roots Reunion, continues to grow each year requiring more space for the party including the Downtown Center.

In order to accommodate this yearly event the farmers market will be moving to Slater Center's parking lot on Saturday, September 20<sup>th</sup> at 325 McDowell Street. The same great vendors and farmers will be on hand as the sun rises offering the same great products you see at the Downtown Center each week. Please go by and tell your favorite farmer hello and while there pick up a market poster before they are all gone.

For more information on the market or the move please contact Mike Musick 423-764-4023 or email [mmusick@bristoltn.org](mailto:mmusick@bristoltn.org).
