## City Offers Transportation to Sullivan County Health Department

The City of Bristol is now offering transportation to the Sullivan County Health Department located in Blountville, Tennessee. Many in the community have no resource for transportation to the much needed services that the county health department offers. The City will provide transit van service to and from Bristol on an as-needed basis during the normal transit operating hours of 8:00 AM - 6:00 PM, Monday thru Friday. Due to the necessity for advance scheduling, it is requested that the transit system be contacted at least twenty-four hours in advance of their office visit. This service will be provided at the standard ridership fee of \$0.60 each way. To schedule a ride to the clinic please call the transit service at 423-989-5586.

The Sullivan County Health department provides immunizations, school exams, Children's Exams, Family Planning and Birth Control, pregnancy testing and many other services. The Blountville Clinic is open Monday through Friday.
