Annual activity report and video released

The City of Bristol, Tennessee has released its annual activity report. This report serves as an essential communication tool to further the city's effort to provide openness in local government.

The annual activity report features major projects, as well as vital city information and statistics. It is also bolstered by a video report that brings Bristol's story to life. Check out the report and video online to see what we mean when we say, "There is Something Special About This Place We Call Home!"
