

Fun Game for the Entire Family

AMAZING RECALL

The first player says, "My mom went to the store & bought an ... apple." The second player adds to this by saying, "My mom went to the store & bought an ... apple & a banana." The third player says, "My mom went to the store & bought an ... apple, a banana & a carrot" & the game continues alphabetically. Each time a player makes a mistake in the recall they are out.
