Costume Relay Race

This Halloween game idea is a relay race with a twist. A player from each team must put on a costume. On go, the players take off the costumes. The player that gets the costume off first rushes to give the costume to a teammate who must put the costume on. The winning team is the one who can change in & out of their Halloween costume the fastest. If you don't have enough family members to make a team, time individuals to see who can change in & out of the costume the fastest.
