

SALT PAINTING

Help Kids Be Creative

Supplies Needed: Cardstock, poster board, cardboard or a paper plate, squeeze bottle of glue, table salt, liquid watercolors & paint brushes.

Instructions:

- Squeeze glue designs onto the cardstock.
- Sprinkle with salt until the glue is thoroughly covered.
Tilt the paper to let the excess fall away.
- Dip a paint brush into a watercolor paint, then gently touch to the salt-covered glue lines. Watch the paint "magically" travel in both directions.
- Let dry thoroughly. This may take a day or two.
